

Negative Impact of Wireless Radiation

- **Health** – see chart below for wireless radiation exposure symptoms
- **Environment** – harms humans, birds, bees, wildlife, crops and trees
- **Energy Consumption for Wireless** – 5G consumes 20-35 times more electricity than fiber optics
- **No Personal Privacy** – your personal data can be mined and exploited
- **No Data Privacy** – easily hacked so your data can be stolen
- **Weather Interference** – weather affects wireless performance
- **Property Values** – reduced by approximately 20% because cell towers are undesirable near homes
- **Behavior, Psychological and Neurological Effects** – our behavior can be deliberately influenced and controlled by microwave radiation
- **Millimeter (5G) Technology used by Military** – for crowd control which can and has been used on civilians (Havana Syndrome)
- **Pulse-Modulated Microwave Radiation** – beaming from this harmful infrastructure will be measurable in our homes 24/7/365, and we will have NO way to shut it off or avoid it!

Pulsed microwave radiation has never been certified as safe by the FCC or the FDA, but independent studies have shown it to be extremely harmful. In August 2021, U.S. Federal Court ruled that the FCC ignored the scientific evidence proving harm to health, enabling the Telecoms to push the deployment of 5G fraudulently.

The Best Solution: Fiber Optics

Fiber to the Premises with NO 5G Wireless:

- Safe
- Faster
- Secure
- Weather Resistant
- Affordable
- Sustainable
- Energy Efficient

BRAIN/NEUROLOGICAL
Headaches, Memory & Learning Issues, Melatonin Suppression, Insomnia & Fatigue, Blood Brain Barrier Permeability, Tumors, Altered Brain Development, Brain Fog, ADD & Autism Spectrum Disorder, Depression & Anxiety

RESPIRATORY
Oxygen Deprivation, Asthma, Sinusitis, Nose Bleeds

REPRODUCTIVE
Infertility, Birth Defects, Sperm & Ovary Damage, Miscarriage, Hormonal Issues

JOINT/MUSCLE
Pain, Tingling, Spasms, Altered Reflexes, Tremors

SKIN
Toasted Skin Syndrome, Sweat Gland Radiation Penetration, Facial Flushing, Unexplained Skin Rashes, Itching & Lesions, Hair Loss

EYES
Deteriorating Vision, Ocular Occlusions, Cataracts, Twitching

EARS
Tinnitus, Humming, Sharp Pain, Vertigo

HEART
Chest Pain/Pressure, Palpitations, Arrhythmia, High Blood Pressure, Pacemaker Interference

IMMUNE SYSTEM
Increased Risk of Cancer, Infections and Autoimmune Diseases, Adrenal Abnormalities, Disrupted Metabolism, DNA Breakage, Diabetes, Digestive Disorders, Chromosome Aberrations, Electromagnetic Sensitivity

EMF/RF Consequences on Human Health

| Connecticut Cell Towers/Antenna EMF/RF Readings | | | | | |
|---|---|---|------------------------|--------------------------|-------------------------|
| | | Maximum Guidelines from Building Biology* | | | |
| | Maximum EMF reading in microwatts per meter squared (µW/m2) | No Hazard (less than 0.1) | Slight Hazard (0.1-10) | Severe Hazard (10-1,000) | Extreme Hazard (>1,000) |
| Basis for Calculation | | 0.1 | 10 | 1,000 | >1,000 |
| Percentage OVER Maximum Guidelines | | | | | |
| 3965 Congress, Fairfield | 4,120 | 4,120,000% | 41,200% | 412% | <412% |
| 100 Training Hill Middletown | 1,916 | 1,916,000% | 19,160% | 192% | <192% |
| Seymour exit off Route 8 | 29,200 | 29,200,000% | 292,000% | 2,920% | <2,920% |
| I-95 exit 44 | 86,000 | 86,000,000% | 860,000% | 8,700% | <8,600% |

| Consequences on Human Health (based on thousands of published studies) | µW/m2 |
|--|------------|
| EEG altered in humans: alters brain waves | 0.000001 |
| FIVE BARS ON CELL PHONE | 0.002 |
| Sleep disorders, weakness, fatigue, pain | 30 |
| Human sensation | 100 |
| Decreased cell growth in humans | 1,000 |
| Childhood leukemia | 1,200 |
| Impaired motor function, reaction time, memory, attention | 2,500 |
| Altered white blood cells in humans | 7,500 |
| Headache, dizziness, fatigue, weakness, insomnia in humans | 10,000 |
| Microwave hearing | 30,000 |
| Leukemia, skin, melanoma, bladder cancer | 50,000 |
| Impaired memory, visual reaction time in humans | 100,000 |
| FCC Maximum Permissible RF-EMR Exposure Guidelines General Pop. | 10,000,000 |
